Guest Comments

Bill Einecker announced that starting April 1, pickleball players will be required to use the "quiet" balls and waffle paddles on the courts located at The Preserve. This is a test to determine how much the new quieter equipment reduces the noise level. Rick suggested that the committee members observe and listen when they have time to assess the effect of the change.

Comments from Committee Members

Rick Waldorf suggested that members take an opportunity to play at The Preserve after April 1 and report back about the pickleball noise level after the change in equipment. It was agreed that this was a good idea.

Meeting was adjourned at 3:45 pm. Next meeting will be April 23, 2015.
